

Our courses are recorded with Digital HD 1080p with HD Voice. It works best if you use a good head phone

Procedure to get License

1. License is for **single semester**, each video can be played for **limited times**, optimized for single student study usage.
2. License is given for **one windows** desktop/laptop machine, so apply license from the required machine
3. Each CD is pre-encrypted with a unique "Serial Num" and our software displays "Machine-ID" of your PC, if you send below details, we will send password pairing such that this CD works only on your machine-id
4. Note down the CD serial number written on the CD **1**
5. FIRST, Install "KLite video codec" present in CD1 video_codec directory (**MANDATORY**)
6. click on any video exe file in DVD Drive (D:)\Videos\
7. Wait for 2-5mins, Click "Yes" if windows gives you any warning message to open exe file. Wait for a window to appear as below
8. Copy & paste (**never type**) the machine-id displayed **2**
9. Doubly make sure machine-id and CD serial number are correct.
10. License is generated from USA, It takes 24 hours to generate license.
11. You can copy videos dir to desktop and it plays 2 times faster
12. technical help: call 9686000804 / 8088 700 800 extension: 3

When you get license please test each of CDs and make sure license is working on all CDs
